RE: Justin and Grace Hayes

To Whom It May Concern:

It is a great privilege for me to write a letter of recommendation for Justin and Grace Hayes. These good people graduated from West Coast Baptist College. In fact, I think they were the first missionaries who came through West Coast Baptist College after I became the Chairman of Missions Department. It was a great joy to have them in my classes and to see their spiritual growth and total commitment.

Both Justin and Grace have a great heritage coming from good Christian homes. All of their lives have been spent in active service to God. They did a good job in Ireland, but due to government regulations they could not return after a certain period of time. Therefore, they sought the Lord's leadership and God led them to Spain. They have done a good job and have gotten a good start in the country of Spain. God is blessing their ministry and I feel that God has great things for them in that needy country.

They will be in the United States for a few short months in an attempt to raise additional support. Any church that has these dear people present their ministry will be blessed by them and any church that partners with them will have great dividends from their investment. If I can personally answer any questions concerning them, do not hesitate to let me know.

Yours because of Him,

  
Don Sisk  
General Director Emeritus
